

Under the Unified Labour Code 2026 (OHS Code & Rules), all Transportation and Logistics business in India must meet strict safety, health and sustainability standards — yet low awareness and fragmented systems leave costly compliance gaps, fines and stoppages. TransSAFE — India's first fully integrated, end-to-end OHS solution — converts every statutory obligation into audit-ready compliance, a must-do safeguard for people, assets & reputation.

WHAT we offer?

6-Step Occupational Health & Safety (OHS) Compliance & Excellence Pathway for the Transportation and Logistics sectors in India.

1 TransSAFE INSIGHTS

Free Newsletters & Webinars

What we offer?

Fast legal applicability review, which OHS Code & Rules apply to you, mandatory duties, record-keeping and penalties. Subscribe to fortnightly regulatory briefs, expert blogs and free regulator & expert led webinars and Q/A sessions.

Why you need it?

You cannot comply with what you don't know — regulatory clarity is the first legal defence against enforcement.

2 TransSAFE TRAINING

Free Training for all employees

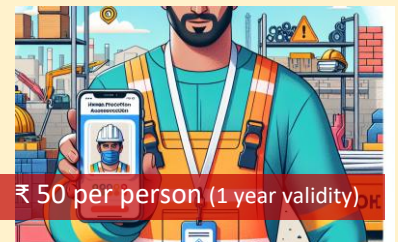

What we offer?

Free Training for all your employees & contractors on their Job Role specific Occupational Safety & Sustainability practices which they can start following in their daily work activities, using a 15 minutes, multi-lingual video-shots based course delivered through their mobiles. Offered with no limits.

Why you need it?

Training is a statutory obligation and primary evidence of due diligence — required to limit liability and meet contract/regulator OHS expectations.

3 TransSAFE CERTIFICATE

₹ 50 per person (1 year validity)

What we offer?

Independent, audit ready, QR-verifiable certificate of sector & job-role specific competency of Occupational Safety & Sustainability practices (valid 12 months, industry-accepted).

Why you need it?

Verifiable competence is compulsory evidence in audits, inspections and tendering — reduces exposure to penalties and claims. Universal Industry accepted certification avoids independent training by each company.

4 TransSAFE 360CHECK

₹ 4,999 per Check (All inclusive)

What we offer?

A 300-point self-assessment mapping your systems to the OHS Code / Rules & ISO 45001 controls. Produces an audit-ready gap report, prioritized corrective actions, evidence trails and a detailed recommendations report by our Occupational Health & Safety Experts.

Why you need it?

Detect and fix non-conformities before regulators or clients do — prevents fines, stoppages and reputational damage. Generate audit-ready evidence of self-demonstrated conformance to IS/ISO standards.

5 TransSAFE C.O.R.E.

Request a Proposal

What we offer?

Centre of OHS Resources & Excellence helps bridge 360CHECK gaps using our PDCA (Plan > Do > Act > Check) action plan. We deliver an OHS platform plus 30+ modular services (documentation, risk assessments, permits, inspections, incident investigation, contractor controls, medical surveillance, etc), each mapped to OHS Code / Rules obligations.

Why you need it?

The OHS Code requires documented, functioning systems. C.O.R.E. offers a tailor-made, cost effective, turnkey solution to eliminate compliance gaps

6 TransSAFE ISO+

Starting From ₹ 1.5 Lacs

What we offer?

1–2 weeks pre-audit readiness: 360CHECK, documentation, gap closure.
3–5 day onsite audit by YGROO.ECO certified auditors against ISO 45001 standards & IS 14489 Code of Practice.
QR verifiable Certification, Debrief Workshop & Corrective-action Roadmap.

Why you need it?

ISO 45001 provides internationally recognised evidence of an effective OHS management system — essential for client confidence, tender eligibility and minimizing contractual risk.
